If Frankfort Had

Sidewalks on the South Side, on both sides of the main thoroughfares.

An ordinance in force requiring the laying of a few squares of vitrified brick pavements every year until all the streets in the city are remade.

The splendid St. Clair street bridge and the new Masonic Temple finished.

A new State Capital building that would be a credit to Kentucky and give stability to real estate in this city.

Outdoor concerts during the summer in the State House yard by Prof. Wolfe's band.

Electric arc lights at every intersection on the South Side as well as the North Side.

The hill side cemetery walk put in good repair and open to the public.

The plank walk from bridge to bridge and continue by Bellepoint, with reconstructed walk and road, to the lock.

An electric line of street cars to the cemetery, reservoir, Bellepoint, Thorn Hill and Leetown.

More manufacturing enterprises to take advantage of the location that can furnish the finest water power in the State or when the river improvement is complete, the cheapest coal, timber, pottery and fire clays and building stones and transportation everywhere by river or rail.

Wouldn't you think that a new era had dawned on the city in which the State's ablest men of the past century have assembled to write the history of the State, and many, at the close of life, to lay down their burdens and take their final rest in the beautiful cemetery on the hill?

Well, the light that precedes the dawn is here and the prediction is made that not only will all these things come to pass, but a few more years will witness a transformation in the appearance of Main street, and an enlarged and handsome courthouse, with a splendid clock and illuminated dial, and the building of the nine miles of railroad to Alton to connect with the Louisville Southern.

Which will add to the general comfort, convenience, enjoyment and prosperity, and make Frankfort one of the loveliest cities in the State.

And Frankfort will have them.

Persons who are subject to attacks of bilious colic can almost invariably tell by their feelings when to expect an attack. If Chamberlain's Colic, Cholera and Diarrhoea Remedy is taken as soon as the symptoms appear, they can ward off the disease. Such persons should always keep the Remedy at hand, ready for immediate use when needed. Two or three doses of it at the right time will save them much suffering. For sale by W. Gayle, Druggist.

It isn't in the ordinary way that Dr. Pierce's Favorite Prescription comes to the weak and suffering woman who needs it. It's guaranteed, not with words merely, any medicine can make claims and promises. What is done with the "Favorite Prescription" is this: If it fails to benefit or cure, in any case your money is returned. Can you ask any better proof that a medicine will do what it promises?
It's an invigorating, restorative tonic, a soothing and strengthening nerve, and a certain remedy for the ills and ailments that beset a woman. In "female complaints" of every kind and periodical pains, internal inflammation or ulceration, bearing-down sensations and chronic weakness and irregularities, it is a positive and complete cure.
To every tired, over-worked woman, and to every weak, nervous and ailing one, it is guaranteed to bring health and strength.

IN THE HISTORIC LITTLE GEM

Is Where Buck Rowlett Wants the Capital to Remain.

The following article on Capital removal is from the La Grange New Era of last week. In rendering his opinion upon the subject Judge Buck states the case about right:

It is hard to believe that the city of Louisville is in earnest in the desire to have the capital removed from Frankfort to that place. The benefits that would result to the metropolis of the State would be little compared with the after she contemplates making. It strikes the country people that the seeming desire of a few obscure people of the Falls City to have the capital is a little bit hogghish. New York, Boston, Philadelphia, Cincinnati, Baltimore, St. Louis, Chicago, San Francisco, nor any of the pretentious cities of the Union have or desire the seat of State government. The people of Kentucky are proud of Louisville, and they are proud of her manufacturing interests, her great newspapers, and if the people of Kentucky would advise Louisville they would say: "Let the capital remain where it is, and take your \$1,000,000 and reach out to Eastern Kentucky and secure a trade with the people who are anxious to trade with you, but who have not had the inducement held out. Let the capital alone and strive for a market for your goods." Again, there are memories associated with the present seat of government that should not be destroyed. The heroic deed who rest on Arsenal Hill overlooking the State House were laid there so that there heroic deeds would become a reminder of the fame our State has achieved on the battle fields and in naval engagements. Their bones and shafts of granite are a part of the capital itself, as much so as the archives of State.
There is another thing, and one which should be seriously thought of. A lobby could be built up in Louisville such as the never dreamt of in Frankfort. Corruption would be

the order of the day. The city of first-class would rule the legislators of the State and do it with an iron hand. She would have a million in return. These gifts are not made with pure and unselfish motives, and legislation would be sought and urged which would not be of general interest to the State.
Let the capital remain in the historic little gem, where the poorest understand the art of entertaining, where the representatives from the mountains stand elbow to elbow with the ex-governors, ex-judges, ex-congressmen, instead of with Jack Mollett, Tom Scanlan, Phil. Hinkle and other notorious rounders of the city beside the falls. Let the capital remain where the political atmosphere has at least a semblance of purity.

Are You Going to the Exp?

If you are contemplating a trip to Chicago during the great Columbian Exposition and want a real first-class place to stop, where everything is done up in regular old Kentucky style, write to Mrs. S. F. Richardson, 162 Dearborn Avenue, Chicago, to save you quarters in her house. Mrs. Richardson is a former Frankfort lady, widow of the late Owen T. Richardson, and one of the nicest of house-keepers. Her terms are reasonable and she should be liberally patronized by people from her old home. 32-ly.

STATE vs. LESSEES.

Demurrers Sustained Which Reduce the State's Claim

To Where it Was Placed by a Majority of the Sinking Fund Commissioners.

The suits by the State against the penitentiary lessees have taken up a good part of the circuit court's time during the week, and though appeals will be granted on every point decided and the final disposition of the cases have to be reached through the Court of Appeals, the lessees in the proceedings of the cases thus far have obtained the advantage of the State. The counter claims of the defendants, therefore, when adjudicated, will about offset the State's claims and place the settlement just where the majority of the Sinking Fund Commissioners fixed it in their report.

Case No. 1 against Mason & Ford Company for about \$13,000 interest on contract of 1885, the defendants pleaded payment and settlement in full, which make issue to be tried hereafter.

The court sustained the demurrer to first, second and third paragraphs of the answer in case No. 2, Mason & Ford Co., the suit being for about \$1,100 for extra guards, with leave to amend answer.

Demurrer was also sustained to paragraph one of the petition in case No. 3, for pay of guards at Eddyville, thus throwing out entirely the claim of \$32,000 for guards before the Eddyville prison was finished or the contract with the lessees there in force, which Gov. Brown contended should be charged to the lessees.

A demurrer to the petition in case No. 4 against C. R. Mason & Co. for the claim of \$50 penalty for each escaped convict, amounting to about \$1,600, was sustained on the ground that the act had been repealed. Leave was given to amend.

In the Eddyville case, in which the demurrer to four paragraphs of the answer was overruled and demurrer to three paragraphs of the same was sustained, the issue is left as to an item of about \$15,000 claimed by the State and about \$34,000 claimed by the defendants, the defendants admitting a claim to about \$23,000.

The Commonwealth announced that it would not be ready to go to trial next week, which the defendants desired to do, and the cases were therefore set for the next term.

Matrimonial.

WINSTEL-BERGIN—A marriage license was granted to Mr. Otto Winstel, jr., and Miss Maggie Bergin Tuesday. The groom is a young barber at George Shinkle's shop, and the bride a very pretty young lady whose parents reside near the Sulphur well.

MOORE-CLARK—Mr. James B. Moore and Miss Laura Clark, both of Shelby county, came to the city Thursday and procured a marriage license from County Clerk Smith and with the assistance of Rev. W. G. Neville, of the Southern Presbyterian Church the ceremony was soon performed that bestowed the church's blessing upon the happy pair.

WALTER-MORRIS—Mr. Isiah Walter and Miss Elizabeth Morris, both of Shelby county, and Ronans-May—Mr. Albert Ronans and Miss Mattie

May, of Peak's Mill, and Glore-Udyke—Mr. James Glore and Miss Mary L. Udyke, of Antioch, were all granted licenses on Wednesday to marry. The ceremony which united the last named couple was performed at the Antioch Church, Rev. L. P. Hulett officiating.

STONE-BRYANT—The marriage of Miss Edwina Bryant to Mr. Benjamin Stone was solemnized at the home of the bride's parents, on the Owenton turnpike, Wednesday evening, Rev. W. E. Gorey, of the Catholic Church, officiating. A large number of friends from the city were present to witness the ceremony and extend their congratulations and good wishes. The happy couple will make their home in this city.

RICH-NICHOLLS—While Representative Nicholas, of Caldwell county, lay ill of measles at Mrs. McEwan's house on Madison street in this city, his daughter on Wednesday eloped to Evansville with Mr. Will Rich, of Princeton, Ky., where the couple reside, and failing to obtain a license to marry because they were not of age, the determined pair pushed on to Booneville, Ind., and at last were successful in finding a compassionate county clerk, who assisted them in tying the matrimonial knot.

"Tom Croly's Word"

Is another one of those helpful, encouraging stories, showing how one man, with God's word hid in his heart, directed, encouraged and helped a poor boy to use that Word as "a lamp unto his feet, and a light unto his path," all through boyhood's trials and temptations up to a useful Christian manhood.

The book contains two hundred and thirty-eight pages, and is prettily bound in red, black and gold. The author, Mr. George W. Hamilton, of Fulton, Mo., also wrote "Finding Blodgett," "Kit Caffrey's Grit," etc., etc. Published by the Standard Publishing Co., Cincinnati, Ohio. Every sentence is pure and chaste, and we take great pleasure in recommending it to the reading public.

A Change.

John W. Gaines & Sons have moved their coal scales to the head of Clinton street, near the Kentucky Midland passenger depot. They have also opened an up-town office next door to the Fire Department, in the room formerly occupied by Mr. Frank Chinn, and a branch office in Mr. Pete Fuhs' store in the West End. This firm is handling some excellent grades of coal, and we predict for them good results from their new change.

Real Estate Transfers.

S. P. Moore to G. H. Sargent, for \$875, a tract of land on Arnold's Ferry road.

BRIDAL PRESENT—The Pages and other employees of the House and Senate, on Saturday last, presented Mr. George Kendrick, their associate who married Miss Ethel Collins last week with an elegant clock, as a testimonial of their esteem and good wishes.

PELL WITH AN INFANT—Monday, Mrs. Mrs. James H. Dryden, who lives on Arlington Heights, while going up the rear steps of her home with her infant child in her arms, caught her foot on a step and fell in such a way as to strike the infant's head on the step. The injury was promptly attended to by Dr. Hugh Tobin and it is not thought that any serious trouble will result from the accident.

AN ATTACK OF VERTIGO—Monday morning Mr. John W. Rodman, while at work in his law office, was suddenly attacked with vertigo that alarmed his friends and necessitated prompt medical attention. He was removed to the residence of his mother-in-law, Mrs. Maria Murphy, on Main and Washington streets, and before night was sufficiently restored to return to his home.

R. A. BOHANNAN—The Three Forks Enterprise, of Beattyville, says that "Dick" Bohannan, of Clay City, formerly of Frankfort, is thinking of renting a large hotel in Beattyville, which was put up there during the boom. The notice of Mr. Bohannan's visit to the hotel "Ninaweb" concludes as follows: "If Mr. Bohannan concludes to take charge of this property it will be a guarantee that the handsome hotel will be first-class in every respect, and for the sake of the traveling public, we hope to see his sunny smile shedding forth an iridescent glow from behind the counter at the 'Nina' in the near future."

GEORGE STRATTON, CONVICT—The Courier Journal, of Thursday, announced that Bertha Stratton filed suit for a divorce from George Stratton, a convict in the penitentiary here, who was sent up for stealing a horse and buggy. She says they were married October 10, 1887, and have one child.

INSURANCE ADJUSTMENT—A committee to adjust the insurance on the Whitestone warehouse of the Allen-Bradley Distillery Company, which was recently destroyed at Louisville by fire, has been called to meet at the company's office in this city next Monday. The largest claim for whiskey burned in the warehouse is from Paris, Allen & Co., New York, for \$64,000.

A NEW CONFECTORY—Mr. Jake Ahler has rented the large store-room on St. Clair street until recently occupied by the United States Express Company. He will take possession in a week or two and open a confectionery store.

REHEARING OVERRULED—The Superior Court Wednesday overruled the petition for the rehearing of the case of Victor Bradley, of Georgetown, who claimed a balance due him from the State for taking the school census in 1884. Col. Thos. B. Ford and Mr. John S. Harrod, of this city, were Bradley's attorneys and when

their client was defeated Col. Ford prepared in rhyme his petition for a rehearing of the case. The action of the court therefore shows that the judges are no more convinced of the justice of Mr. Bradley's claim in poetry than they were when they considered it in prose.

CONVICT LUNATIC PARDONED—The Governor on yesterday pardoned Ben Rupert, a life prisoner sent up from Casey county for murder. Rupert has been in the penitentiary for a number of years and recently became deranged, for which reason the pardon was granted that the prisoner might be tried and sent to the asylum.

IN TROUBLE AGAIN—J. E. Kent who formerly lived here and several months ago was before the Louisville City Court on the charge of obtaining money by false pretenses, is again in custody at Lexington for passing a number of worthless checks.

STOREKEEPERS AND GAUGERS—The news from Washington City is to the effect that Hon. John G. Carlisle, Secretary of the Treasury, has announced that the Revenue Collectors now in service will be allowed to serve out their full terms. All expire July 1st excepting that of Mr. Thos. McDowell, of this district, who, under the rule, will remain in office until next November 20th. This will give Mr. McDowell about seven more months of service.

On motion of Councilman Furr, the matter was referred to the ordinance committee and city attorney to report.

Councilman McClure, of the fire committee, reported on the condition of the engine house, stating that a new roof would cost from \$186 to \$250.

Councilman McClure also presented an ordinance in relation to paving the streets with vitrified brick, which was referred to the finance committee with instructions to consult with the gas company in regard to obtaining the gas bonds to be used for the purpose of defraying the expense. FRANKFORT, APRIL 22, 1893.

THE STREET RAILROAD.

Freight Privileges Granted and an Electric Passenger Line an Early Probability.

The city council, at its meeting Friday night of last week, took up the street railway ordinance which had been very much modified in the terms as previously published, and passed it by the following vote: yeas, Messrs. J. E. Miles, J. N. Miles, Ellwanger, Watson and McClure, Nays, Messrs. Milam, Gray, Swigert and Farr. The penal bond of the company was reduced to \$7,500, the provision required the company to pay five per cent. of its gross earnings into the city treasury was reduced to two per cent. and the stipulation to keep the streets on which the line extends in good repair was stricken out.

This action of the council is generally commended by the citizens. The privilege of hauling freight over the streets, with the safe-guards defined in the ordinance, is an enterprise that cannot fail to prove advantageous both to the Street Railway Company and the owners of the mills and distilleries, but it more especially finds favor with the mass of citizens in the fact that it thereby enables the company to bond the road and provide this city with a first-class electric system of railway, which, otherwise, could hardly be made a safe investment for capital. With the building of the bridge, the Masonic Temple and the electric railroad, an impetus will be given to improvement that will carry the city further ahead in one year than it has attained in the past quarter of a century.

The spirit of progress is verily brooding over Frankfort and quickening into life and action the germs of a new era, calling for encouragement to manufacturers, for the building up of the suburbs and easy access to the owners of the property there into the city, the speedy completion of the Kentucky river improvement, good sidewalks and vitrified brick streets and the erection of a State Capitol here that will reflect the honor, dignity and prosperity of the people of Kentucky.

UPPER RIVER TRADE.

A Good Suggestion to Assist a Splendid Enterprise in the Interest of Frankfort.

Mr. Sam C. Bull, of this city, in the Evening Journal of Thursday, published a card looking to the establishment of a river trade to Shaker's Ferry. He says that Capt. Ed. Drane is in correspondence with certain persons to secure a good suitable passenger and freight steamboat to make the run of seventy miles, solely in the interest of Frankfort, leaving this city every other day and returning the next.

In order to assist and encourage the enterprise, Mr. Bull asks that every merchant and well-wisher should agree to subscribe, say from one to five dollars a month, for about four months from the time the boat is first entered in the trade.

This would afford an opportunity to the merchants to test the value of a trade along a stretch of country as rich and productive as any in the State.

The merchants of the city must awaken to the necessity of encouraging manufacturers and reaching out after new lines of trade, and the suggestion to secure that trade of the upper river country, which doubtless with a little effort would gladly turn to Frankfort as its best and most accessible sale and supply depot should meet with hearty support.

The Way it Works.

The capital removal skeleton, which has recently been yanked out of its closet and its dry bones vigorously rattled around, had the effect of giving Frankfort a backset. Persons who have recently purchased lots with the intention of putting up houses which would be ornaments to the town are now afraid to go on with the work, although they have their plans and were about ready to let their contracts, believing that should the capital be removed real estate would become worthless and they would have their handsome improvements left on their hands. It was ever thus. Frankfort has always been kept back by this bugaboo of capital removal. No one cares to put money into an enterprise here so long as the question is agitated, and as a consequence the old town has dragged along at the same slow gait, while the two cities—Louisville and Lexington—which have constantly kept the matter alive, have grown right along. This thing has been going on for nearly a century but the end is in view, and when we have cleaved out our ancient enemies this time, perhaps they will agree to let us alone. We are in the fight for the last time and are going to win, just as we have always done. The great big bluffs put up by Lexington and Louisville won't amount to anything, as it is an easy matter to promise to give a large sum for the capital but to put up the cash is an entirely different thing. Let not your hearts be troubled, brethren, for we have won many as hard fight before. All sickness is not unto death.

Preventing Future Misery.

If there is in this rule of fear, a more prolific source of misery than the rheumatic twinge we have yet to hear of it. It is not just as they are with one to consumption or to scurvy, slight causes may develop this, as soon as the agonizing complaint manifests itself, remedies should be had to destroy the Stomach Bitters, which checks it further, it robs and finishes the rheumatic poison from the system. This statement tallies exactly with the testimony of physicians who have employed this fine blood purifier in their private practice. There is also the most powerful renal and general stimulant as to the efficacy of the Bitters for malaria, liver complaint, constipation, indigestion, kidney trouble, nervousness and loss of appetite and flesh. After a wetting, whether followed by a cold or not, the Bitters is useful as a preventive of the initial attack of rheumatism.

ON LIFE'S THRESHOLD.

Mr. James H. Swango Accused of Delivering an Oration Which Was not his Own.

Mr. James H. Swango, son of Judge G. B. Swango, Register of Land Office, of this city, who at the State Collegiate Oratorical Contest a few weeks ago in Lexington, as the representative of Centre College, won the prize over several competitors, has been accused of rank plagiarism in the preparation of his oration, "The Plutocrat." It is claimed that he gathered his ideas and a large part of his language from Talmage, Henry Grady and E. G. Smith. Esquire says that the medal awarded to Swango will be demanded of him and his expulsion from the Oratorical Association requested.

The friends of Mr. Swango in this city are confident however, that the charge is without foundation and had its origin altogether in the malice and disappointment of his rivals and their adherents.

Unsolicted.

The following testimonial came to us: Kenyon & Thomas Co., Adams, N. Y.: Gentlemen—For the past two years I have suffered terribly with what doctors call eczema. During this time I have consulted several physicians and used a number of well-known remedies but could get no relief, until finally I was urged to give your remedies a trial. I cannot say enough in praise of them. At present I am as well as I ever was in my life and owe my sincere thanks to you for Dr. Hale's Household Ointment and Tea. Any one doubting the sincerity of this testimonial will confer a favor by addressing, very truly yours, N. J. McNabb, Leominster, Mass.

These remedies are for sale at 25c. and 50c. at P. H. CARPENTER'S drug store.

The Devil Did It.

Last week the intelligent compositor made our left-hand correspondent say that services were conducted regularly every Sunday at Grassy Spring by Bro. Burdin, when the name of Rev. Mr. Calhoun, the pastor of that church, was so plainly written that a blind man could read it. We happened to be out of the office when the proof was read, and as it was not compared with the copy the error was overlooked. As Rev. Burdin is a Baptist and Grassy Spring a Christian Church, our devil got the two denominations badly mixed up.

Heart Disease Curable.

The truth of this statement may be doubted by many, but when Dr. Franklin Miles, the eminent Indiana specialist, claims that heart disease is curable and proves it by thousands of testimonials of wonderful cures by his new heart cure, it attracts the attention of the millions suffering with short breath, palpitation, irregular pulse, wind in stomach, pain in side or shoulder, smothering spells, fainting, drowsy, &c. A. F. Davis, Silver Creek, Nebraska, by using four bottles of Dr. Miles' New Heart Cure, was completely cured after twelve years suffering from heart disease. This wonderful remedy is sold by J. W. Gayle. Books free. 5

THE LOUISVILLE CHARTER.

It is Voted by the Governor on the Ground that a License Income Tax is Un-constitutional.

The Governor's veto of the Louisville charter was presented to the Senate on Wednesday. The main issue the Governor takes with the Legislature is that the permission to establish a system of taxation based on income, licenses and franchises in lieu of ad valorem tax on all real and personal property is unconstitutional. He thinks, however, that such an income or license tax may be imposed in addition to the ad valorem, and which position, if correct, the charter commission of Louisville, that drafted that portion of the charter, say will at once remove the very restrictions in section 159 of the Constitution which were meant to put a check to municipal extravagance.

If Louisville had been successful in obtaining the passage of an income and license tax it was the intention of all other cities to incorporate a similar provision in their charters, and Frankfort was among the number that wanted such a provision.

The veto message was not acted upon by the Senate, but it was referred to the Committee on Municipalities, which will meet some time next week to take the matter under advisement.

My wife was confined to her bed for over two months with a very severe attack of rheumatism. We could get nothing that would afford her any relief, and as a last resort gave Chamberlain's Pain Balm a trial. To our great surprise she began to improve after the first application, and by using it regularly she was soon able to get up and attend to her house work. E. H. Johnson, of C. J. Knutson & Co., Kensington, Minn. 50 cent bottles for sale by J. W. Gayle, Druggist.

Frosty Mornings.

As predicted by Prof. Hicks, we had white frosts Sunday and Monday mornings, but fortunately little damage was done to tender vegetation. But few persons had beans up and only fruit trees and grape vines suffered, these only slightly.

Mr. Carter's Burial.

Engineer T. Fred Carter, U. S. N., and family will arrive here Monday from San Francisco, California, at which time the remains of his father, the late Thos. Carter, will be taken from the vault and buried in the family lot in the Cemetery.

Will Build a New House.

Mr. Frank S. Haff will in few days begin the work of tearing away the old house he purchased about a year ago, on Conway street, and will erect upon the lot a handsome two-story residence.

The Evolution.

Of medicinal agents is gradually relegating the old-time herbs, pills, draughts and vegetable extracts to the rear and bringing into general use the pleasant and effective liquid laxative, Syrup of Figs. To get the true remedy see that it is manufactured by the California Fig Syrup Co. only. For sale by all the leading druggists.

Corner Chat.

A Louisville citizen, referring to the removal of the State Capital, said: "I am not in favor of any further agitation of this matter for I really believe that it will not only work an injury to Frankfort, which is tied to Louisville in business and kinship as close as any of its suburbs, but also end, if successful at all, in doing the very thing which Louisville has for many years contested. I mean to say that if the people of the State once realize that the Legislature is disposed to agree upon a location other than Frankfort, I am as certain as I stand here now that it will not be Louisville. Mark my words, it will be Lexington. I say this not only from talks on the subject which I have had for a number of years past with prominent men from all parts of the State, but also from the geographical situation of Lexington, as compared with Louisville, and the wish of the people of the State to remove the Legislature from the dangerous influences of a large city in which there are too many attractions outside of the halls of legislation for the members to perform efficient service for the people. Members in Frankfort may be found and a quorum thereby kept at work, but in a large city it is difficult to find anyone even with the aid of the best detectives. Therefore if there is any reason whatever to move the capital from Frankfort, it is my prediction that it will settle down right in Lexington, as a compromise between a large and small city, and Louisville, by giving encouragement to the agitation in her offer of a million dollars, will accomplish what she has contended against for half a century or more. I want it to remain where it is and I believe that if the citizens of Louisville could realize the situation, they would not care to agitate the matter any further."

An eruption, no matter how slight, warns you and every one who sees it that your blood isn't pure. If you're wise, you'll heed the warning. You'll look about for a remedy. And this is what you'll find: plenty of medicines advertised to purify the blood, but just one that's guaranteed—that is Dr. Faxon's Golden Medical Discovery.

It's a medicine that does what is promised for it—that's the reason. It rouses every organ into healthy action, purifies and enriches the blood, and through it cleanses and renews the entire system. All Blood, Skin and Scalp Diseases, from a common eruption to the worst Eczema are cured by it. For Tetter, Salt-rheum, Eczema, Erysipelas, Boils, Carbuncles, Enlarged Glands, Tumors, and Swellings, it's an unequalled remedy. If it doesn't benefit or cure, in every case, you have your money back. You pay only for the good you get. Refuse substitutes, offered at less price. Reb. 4 1/2.

KENTUCKY RIVER COAL.

Mines at Beattyville About Ready for Shipping Large Contracts Already Made.

A gentleman of this city who returned from a visit to Beattyville this week, brought back with him a small quantity of coal which for steam and heating purposes has no superior in the country. He said that whilst a good deal of this coal a number of years ago was consumed here, it only comes now occasionally, during the freshets, in small quantities, on rafts. In this way a few families in the city obtained a small stock this winter which they claim for ordinary household uses was the best coal they ever bought. The gentleman, who is as modest as he is reliable, and does not want his name mentioned in a newspaper article, said that the Kentucky Union railroad is pushing out a switch to the "Avant" mines, from which he gathered his samples, and that within less than thirty days this splendid coal will have a rail outlet to all markets that will justify such shipments.

Mr. Blizzard, the superintendent of the mines, told this gentleman that the company has already booked large contracts, for regular supplies, with Lexington and other inland Kentucky towns. The coal, he said, can be mined and placed on cars for five cents a bushel, delivered in Lexington to dealers at eight cents, and sold to consumers at nine cents, and still leave a good profit for all engaged in the business.

The mines are half a mile from the river at Beattyville and as soon as the coal tipple is finished, on which work is in progress, and fifty houses, under contract are ready for the operators, the company will mine and ship no less than 20,000 bushels of coal a day. Both the railroad and the company are flattered at the prospect of a large and increasing business which, by the facilities of transportation now offered, will induce others to open mines in that rich coal region and send the products to the large markets of Cincinnati and Louisville.

As the gentleman remarked: "Railway transportation, however, can

never compete with water, and if the Kentucky river improvements were complete Frankfort could get the very finest quality of coal as cheap as the city of Pittsburgh is supplied, and there would be millions of dollars adrift on the river where there is now one dollar."

AN UNHAPPY COUPLE.

A Divorce Wanted by Two Former Frankfort People.

The Louisville papers have had a great deal to say this week about trouble between Mr. J. J. Greenup, who was raised in this county, and for several years was a clerk in a dry goods store on Broadway, and his wife, formerly Miss Kate Morris, of this city. It seems that they have not been living happily together for some time and she left him several weeks ago and came to the home of her mother in this city, bringing their only child, a little girl, with her. Greenup managed to get possession of the child and took her to the home of his parents at the Forks of Elk-horn. On Friday of last week Mrs. Greenup filed suit for a divorce in the Louisville Law and Equity Court, obtained from Judge Toney a temporary order giving her the custody of the child, and on Saturday Sheriff Armstrong went out to the Forks and brought the little girl in to her grandmother's, where she and her mother now are. Both parties make grave charges against the other and the reporters for the daily papers have made quite a sensation out of the matter, but, boiled down, liquor and jealousy seem to be the cause of the whole trouble.

A Good Idea.

The Queen and Crescent Route has issued the following circular to connecting lines:

CINCINNATI, O., April 8, 1893.
The World's Fair bringing as it undoubtedly will, a great many foreigners into this country, will afford us the best opportunity we have ever had or can have of advertising the resources of the Southern country.

The Chicago and Ohio River lines, by their liberal action of April 6th in arranging to give passengers the advantages of variable routes, going

one line and returning the other at their option, have set us an example. We have requested the concurrence of the Louisville and Nashville Railroad in adopting a like action for our territory, viz: Let the passengers go North over the L. & N. via Cincinnati, Louisville or Evansville, and return via Louisville and the Louisville Southern and Queen and Crescent, or via Cincinnati and the Queen and Crescent to destination; or to go via Queen and Crescent to Cincinnati, or Queen and Crescent and Louisville Southern to Louisville, and return via the L. & N. Railroad from either Evansville, Louisville or Cincinnati. A ticket of this character will do more to encourage travel to the South and build up the towns, and therefore future business for our lines, than anything we can adopt. Should the other lines agree to this proposition, we ask your support for this measure.

This refers to the six months limit round trip Chicago tickets, which were adopted at the St. Augustine meeting, with such slight readjustments of rates as may be necessary in order to avoid too great a sacrifice of local business.

An early response is requested.

Yours truly,

D. G. EDWARDS,

G. F. A.

Deafness Can't Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circulars, free.
